

OFFICE OF INSTITUTIONAL RESEARCH

Date: January 26, 2023

To: Javier Reyes, Interim Chancellor
Karen Colley, Acting Provost and Vice Chancellor for Academic Affairs
Robert Barish, Vice Chancellor for Health Affairs
College Deans

From: Thomas Warfield, Director Office of Institutional Research *Thomas Warfield*

Re: Spring 2023 Ten-day Census – Official Enrollment Data

Enclosed are UIC's official spring enrollment data as of the tenth-day census. Figures are generally in line with expectations and typical enrollment patterns given the Fall 2022 census. Below are highlights.

Enrollment Trends

- UIC's total spring 2023 enrollment is 31,216, a decrement of -1.35% (-427 students) from the spring 2022 enrollment of 31,643.
- Historically total spring enrollment is lower than total fall enrollment. The difference in spring 2023 enrollments (31,643) as compared to fall 2022 (33,747) is -7.5% (-2,531). The fall to spring total enrollment percentage difference has ranged from -4.4% to -7.5% over the last fourteen years and the enrollment count difference has ranged from -1,170 to -2,556.
- This spring attrition was slightly lower than the total from spring 2022; however the percentage of -7.5 was the same due to the lower fall 2022 base.
- Compared to last spring by student level, enrollments were down across all levels. Undergraduate enrollments declined -0.74% (-149), graduate enrollments declined -2.32% (-170), and professional enrollments declined by -2.57% (-108).
- The overall annual increase in spring enrollments (spring to spring) is similar to the pattern in the fall (fall to fall). Fall 2022 enrollments declined by -1.3% compared to -1.35% in spring 2023.
- The annual decrease in undergraduate enrollments was improved in the spring compared to the fall (down -2.1% in fall 2022 but down -0.74% in spring 2023).
- Graduate enrollments are down -2.32% this spring compared to an increase of 1.3% in the fall. The differences in the graduate subsets are highlighted in Table 2 of the attachment. The largest decline in counts was in the continuing student set which would have been influenced by the -16.8% decline in first time graduates reported in fall 2022.
- Professional enrollments are also down -2.57% this spring, compared to the -1.9% decrease in fall 2022.

- For undergraduate enrollments, compared to last spring by student type, continuing student enrollments are down -0.46% (-87), first-time full-time first-year enrollments are up 10.19% (11), and new first-time transfer enrollments are up 2.34% (15).
- There are 1,093 UIC Global undergraduate students enrolled in spring 2023, and there are 59 UIC Global students among the 119 new first-time first-years this spring. This is an increase of 33 students compared to UIC Global students enrolled in spring 2022 (1,060). There are 230 UIC Global graduate students in spring 2023, a decrease of -7 students compared to spring 2022 (237).
- Enrollments by college are included in the attached tables 3-6. This includes separate tables of undergraduate, graduate and professional students by student type.

Degrees Conferred in December

- A total of 2,369 students graduated in December 2022, of which 1,414 were undergraduates and 873 were graduates and 82 professional students. Total graduations across all levels December 2021 were 2,101 so the current totals represent an increase of 268. Undergraduate graduations were down slightly from 1,456 in December 2021. Graduate and Professional graduations were up significantly from a total of 645, an increase of 310.

Undergraduate Retention Fall to Spring

- The fall 2022 to spring 2023 retention rates for first-time full-time students was 89.9%. In comparison, the retention rate from fall 2021 to spring 2022 was 88.6% and the retention rate from fall 2020 to spring 2021 was 89.9%. The highest fall to spring retention rate in recent years was for the fall 2014 new first-time full-time first-years, with a spring retention rate of 92.5%. Retention rates are included in the attachment table 9.

Please do not hesitate to contact me or other OIR staff with any questions or requests for additional information. OIR does not currently include spring census data in a dashboard format, but reports are available through Business Objects and other sources. Related dashboard links are provided for your convenience.

Foonotes.

1. HS Dual Enrollment students (non-degree seeking) are now identified under the college of VP Academic & Enrollment Services.

2. The College of Medicine includes: The College of Medicine at Chicago - BS, College of Medicine at Chicago - CS, College of Medicine Office of the Dean, College of Medicine at Peoria, College of Medicine at Urbana, College of Medicine at Rockford.

3. UIC Extended Campus includes: UIC Extended Campus and the School of Continuing Studies.
